Justin Driscoll Joins Rockwood as a Senior Vice President

Rockwood Hires Senior Vice President to Assist with the Firm's Debt Restructuring and Loan Sale Advisory Initiatives

NEW YORK, NY, March 22, 2010 – Rockwood Real Estate Advisors (“Rockwood”) has hired Justin Driscoll as a Senior Vice President in the firm's New York Office. Mr. Driscoll will focus on deal execution, advisory services and business development on a national basis.

Prior to joining Rockwood, Mr. Driscoll was a Senior Vice President at Lehman Brothers Inc. where he led a team of CMBS professionals in the securitization and sale of over \$35 billion fixed- and floating-rate mortgage loans. Mr. Driscoll was involved in the development of Lehman's mortgage loan syndication platform and was actively involved in the credit analysis and underwriting of commercial mortgage loans at all levels of the capital structure. Mr. Driscoll earned his B.A. from the University of Notre Dame.

“We are pleased to have Justin Driscoll join our team. His extensive expertise in securitized and non-securitized loan practice and his breadth of experience dealing with loan servicing specialists will complement Rockwood's advisory services well,” said Co-Chairman and Co-Chief Executive Officer, John Magee. “With the addition of Justin, Rockwood continues its tradition of offering clients pertinent services that address their most relevant and pressing needs.”
